**Behaviour at Cubitt Town Primary School – KS2**

At Cubitt Town Primary School we have three rules:

- **Ready**
- **Respectful**
- **Safe**

**Ready** means that we are ready for our learning. To show we are ready we:

- Bring our PE kits, book bags and homework in to school on time every week
- We listen to our teachers and follow instructions
- We join in with lessons and always try our best
- We arrive on time

**Respectful** means that we are polite and treat everybody and everything with kindness. To show respect we:

- Use calm and polite voices whenever we speak
- Treat others the way we would want to be treated
- Listen to each other
- Look after the things in our school

**Safe** means that we look after Cubitt Town Primary School and all the people in it. We keep each other *physically and *emotionally safe by:

- Using kind words at all times, even when we disagree
- Using kind actions at all times, even if we feel cross or angry
- Keeping the school clean and tidy

***Physically safe means looking after people's bodies***

***Emotionally safe means looking after people's feelings***

**What happens if I break the rules?**

At Cubitt Town, your teachers want to help you to follow the school rules. If you break the rules your teacher might try and help you get back on track in different ways:

A silent prompt:

- Using a look to remind you to make a good choice (some people call this the 'teacher look'!)
- Placing their hand gently and briefly on your arm, shoulder or back to help you get back on track
- Calmly moving, pointing to or tapping a piece of equipment to help you refocus

Talking to you:

- Instructing you to do the right thing e.g. “Quiet reading now, thank you.”
- Quietly reminding you to choose the right behaviour
- Having a discussion with you at playtime, lunchtime or after school

Talking to other people:

- Talking to your parents about the behaviour you chose and why they are worried about this choice
- Talking to other teachers about the behaviour you chose and why they are worried about this
- Talking to an Assistant Headteacher, the Deputy Headteacher or the Headteacher about the behaviour you chose and why they are worried about this.

**What are the outcomes when a rule is broken?**

If you choose to continue to break the rules, or you choose a behaviour that is very disrespectful, very unsafe or very disruptive to your learning or someone else’s learning you will need to have a consequence. Your teacher will decide which consequence is needed. Some examples of consequences we use at Cubitt Town School are:

- Asking you to complete a reflection sheet
- Writing an apology
- Missing your playtime
- Missing your lunchtime
- Working in a different classroom
- Working in an office
- Doing something positive for the school community and ourselves

**What if I always follow the school rules?**

We are very proud to say that the majority of children at Cubitt Town Primary School follow our school rules every day. Some people also go over and above, this means that they do extra special things that demonstrate respect, a readiness to learn or to keep everyone safe. When you are following our rules every day your teacher might:

- Say well done
- Award you a 6c star of the week certificate
- Give you a dojo or even two!
- Tell another teacher or your parents

If you go ‘over and above’ your teacher might also:

- Send you to an Assistant Headteacher, the Deputy Headteacher or the Headteacher so that they can hear about your extra special behaviour.
- Send a postcard to your home so your parents can read about your special behaviour.
