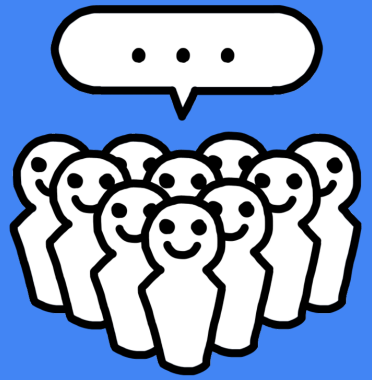
# Half-term oracy homework



Earlier in the year we shared our enrichment passports with you, laying out some exciting experiences that we think all children should have.

Over the half-term break, we would like you and your family to complete some of the ‘home challenges’ and share them with your class on your return to school.

You could even take photos or videos of you completing the challenges and share them with your teacher on Class Dojo.

Make sure you use your oracy skills to practice what you want to say before your return to school!
