Hello Everyone,

My name is Bibi, and I would like to thank all the BP mentors for helping me improve my confidence. I would like to give a special thanks to Karen and Mr Pendlebe rry for arranging this wonderful experience. Also my mum for joining us when she could.

At the beginning I felt a little shy and unsure, but then I started to feel comfortable with my mentor Suzanne.

I am really proud of my mentor she taught me how to be confident. And now here I am standing on talking to a room full of people. I am also proud of the other mentors who helped their group of children.

Well done to everyone. It has been a true pleasure taking part in in this experience thank you!

Hello there my name is Imad, and my mentor was Mark for the past 6 weeks I've developed my confidence because of the diffrent activities we have been doing.

Mark got me to reading out loud and thinking about my body language when I am talking to some one. Then he has helped me to be able to stand here today.

At one of the weeks we looked at jobs. We spoke about different jobs and if they were for man or woman. I thought jobs like being in the army were for men only and jobs like being a nurse was women only but Mark has made me relise men and women can do any job.

I would like to be a youtuber or a footballer Mark told me to work hard in school to have a nice futur. Mark taught me about the power of yet so if I can't do something I can't do it yet so allways keep trying and you will be able to do it.

I want to thank Mark for working with me I really enjoyed it.

For the past 6 weeks I have been given the opportunity to take part in BP primary school mentoring programme. This has been a great experience for me because I have learnt alot of new things. For example; the importance of men ~~and~~ and women being seen as equal, Confidence can be achieved in many ways, Our body language is verry important when ~~Comm~~ Communicating and can make a huge difference by connecting with people on a different level and allowing people of all Kinds, to be involved and treated well. To achieve our goal in life we must work hard and try to be better each time. Over the 6 weeks my ~~m~~ mentor Im helped understand the importance of me trying ~~best~~ my best and also doing my best for our Community like making Sure my rubbish goes in the bin, and I am helpful to people who need help.

I have enjoyed the last 6 weeks and thank you all for making me part of the programme.
